Motivation

I'm looking for a place
in Budapest where:
– code quality, knowledge sharing and continuous improvements are driving forces
– cowboyism and "good enough for now" mentality is discouraged
I'm mainly interested in microservice architecture, cloud and Spring Boot and Reactive stacks.

Other skills

Languages:
– Hungarian (mother tongue)
– English + + +
– Romanian + +
– German - -
Fan of Clean Code & TDD
Learning Kotlin
